## St Andrew's Weekly Update

**Date: 11.10.19**

**Headteacher: Mrs H Gillingham**

**Value: Generosity**

Dear Parents and Carers,

We have had many visitors this week, starting with the Young Shakespeare Company who visited school to teach and act with Year 6 on Monday. Here is a report from Year 6:

*On 7th October Year 6 took part in a Shakespeare Macbeth Workshop run by the Young Shakespeare Company. It was a great way to experience a story and learn the play. Joey played Macbeth with Darcy as Lady Macbeth. We can't wait to see the play at the theatre now! Jack and Fred – Year 6.*

All of KS1 and KS2 classes enjoyed fruit workshops led by Histon Produce, part of Herts Catering. During these sessions the children learnt about the nutritional importance of eating five portions of fruit and vegetables each day and how and where fruit and vegetables grow. They were also able to taste a number of exotic fruits such as Physalis, Figs, Pomegranate, Passion Fruit, Starfruit and even Dragon Fruit. They then burnt off any calories by making a delicious smoothie using the amazing cycles.

Closely linked to healthy eating promoting a healthy lifestyle was Thursday's 'National Mental Health Day', during which many of the classes discussed simple things that they could all do to ensure their wellbeing. We know that mental health issues are on the rise for both children and adults alike, so supporting wellbeing is an important part of our PHSE curriculum.

To help recognise the causes and offer support for this issue, Public Health England has just launched their first national NHS mental health campaign. It is called 'Every Mind Matters' and offers a free online survey designed to help you deal with stress and anxiety, boost your mood, improve your sleep and help you feel more in control. It includes a 'How Are You?' quiz and provides some tips to improve mental health. The link to these resources is: <https://www.nhs.uk/oneyou/mental-health/>

Finally, further visitors this week included some of our school's Governors, who came to see the day to day running of the school and joined in with many of the lessons. It was an opportunity for the Governors to review how the different initiatives, which are discussed in Governors' meetings, were actually impacting on the learning and experience of the children. Their feedback will help us to continue to improve our school for the benefit of all of our children and staff.

### **Sporting News**

Congratulations to Year 6 children who competed in the local school's table tennis competition this week. They all did extremely well in their matches and showed great sportsmanship. The girl's team did especially well as they came home with the Bronze award.

Our football and netball teams also did well this week. Their matches were played here at St Andrew's against Hertingfordbury and they both won their games.

The children's reports for all the sporting events and the Fruit Workshop will be posted on the Website.

Kind regards,

Mrs H. Gillingham

## **Awards**

Mrs Pulford, who led our Collective Worship, this week used the Bible reading Luke 12:27

**<sup>27</sup>“Consider how the wild flowers grow. They do not labour or spin. Yet I tell you, not even Solomon in all his splendor was dressed like one of these.”**

From this starting point, she helped the children consider God's generosity in Creation and ways that we can care and look after it. So effective was her Collective Worship, I had a lunchtime delegation of children keen to begin an Eco Club to run alongside our class Eco Warriors. The children felt strongly that

they wanted to make changes to look after our world.

Our **Values Advocates** met with Mr Price and have selected the following children to be this week's Value Champions as they have all shown our value of generosity.

**Year 1: Jack H** for being generous to other children.

**Year 2: Mimi** for being kind and helpful to other children.

**Year 3: Holly** for helping others and always being nice.

**Year 4: Fenton** for giving his time to help others.
